What Are the Benefits of Being... How to Write a Letter Declining... How to Calculate Average Overtime Why Do Some Workers Earn Higher... Differences Between Fractional... Rules for Salaried Employees How to Address Attendance Problems... How to Do Employee Payroll Why Is Salary Important? How to Calculate an Hourly Pay... How to Be a Model Employee 1 Min. Project Size> \$25,000+ Company Size> 2 - 9 employees Location> Seattle, WA Notable Project Lunarbyte.io developed software programs for a testing firm. They met with their client's multiple times to outline the project. Since then, they've troubleshot problems and fixed bugs as needed. "They usually complete the task within 24-hours or by the end of the week." Visit Site Free consultation 2 Min. Project Size> \$25,000+ Company Size> 50 - 249 employees Location> Bellevue, WA Notable Project MSOFT (formerly MediaSoft.team) developed a mobile app, as well as the technology to connect a vast database of content to the app. They also implemented the graphic design. "During the development process, they came up with a number of new ideas that greatly improved the app." Visit Site 3 Min. Project Size> \$10,000+ Company Size> 2 - 9 employees Location> Seattle, WA Notable Project A college university hired Black Antelope to migrate their website into a new platform and enhance their backend framework. The goal is to design and develop a new website for a specific school program. "The design aspect is fast, efficient, and top-notch." Visit Site 4 Min. Project Size> \$1,000+ Company Size> 2 - 9 employees Location> Seattle, WA Notable Project A wellness company hired Exo Agency to develop a WhatsApp-like app. The team handled the UI/UX design tasks and developed various features such as messaging, payment gateway, booking, and subscription services. "The team does not beat around the bush; they convey everything honestly." Visit Site 5 Min. Project Size> \$25,000+ Company Size> 50 - 249 employees Location> Seattle, WA Notable Project Blink UX designed an e-commerce website, condensing several branch URLs into one comprehensive site. They worked on UX, UI, content development, and stakeholder research before providing a spec to developers. "They did really great, especially when things were outside of scope. The project got very complex." Visit Site 6 Min. Project Size> \$25,000+ Company Size> 10 - 49 employees Location> Seattle, WA Notable Project Culture Foundry was hired by a racing association to update their site's structure, design, and backend setup. The team now conducts regular audits to help improve customer experience on the site's front end. "Culture Foundry's team members are committed to working together to help achieve our business goals." Visit Site 7 Min. Project Size> \$25,000+ Company Size> 10 - 49 employees Location> Seattle, WA Notable Project Bilberry redesigned a wealth management company's website and helped migrate it into the new WordPress environment. The project also included migrating the content and reorganizing it. "They were awesome at following up, and they always delivered work above and beyond our expectations." Visit Site 8 Min. Project Size> \$10,000+ Company Size> 10 - 49 employees Location> Medina, WA Notable Project A medical device firm had an outdated site, and they hired Flower Press Creative Studio, LLC to create their WordPress site. The site featured the company's description, contact form, and downloadable brochure. "Their efficiency was their strong point." Visit Site 9 Min. Project Size> \$1,000+ Company Size> 2 - 9 employees Location> Seattle, WA Notable Project Visualwebz, LLC provided web redesign and redevelopment for a nonprofit organization. The client wanted their platform to continue a smooth flow as they expanded services. "They gave us a great website on a new CMS platform." Visit Site 10 Min. Project Size> \$5,000+ Company Size> 10 - 49 employees Location> Seattle, WA Notable Project Hero Creative offers full-service creative for a property management firm's clients. Their support spans video production, website development, creative strategy, and branding. "They're a fun group to work with, and their deliverables are top-notch." Visit Site 11 Min. Project Size> \$5,000+ Company Size> 10 - 49 employees Location> Seattle, WA Notable Project Conflare assisted an aerospace firm with their design, web development, and brand messaging. They collected data, built a modern WordPress site, and created new color palettes and templates. "Their overall creativity is impressive." Visit Site 12 Min. Project Size> \$5,000+ Company Size> 50 - 249 employees Location> Seattle, WA Notable Project In order to prepare a large museum for its opening, Forum One built a Drupal 7 site within institutional infrastructure, with strong SEO and consistent UX across a variety of devices. "They brought a lot of experience from different clients across a variety of sectors, and we've benefited from that." Visit Site 13 Min. Project Size> \$25,000+ Company Size> 50 - 249 employees Location> Bellevue, WA Notable Project Redtech provided BI and analytics for a software company. They redesigned a learning catalog and supported in understanding its current status. "Their subject matter expertise and professionalism were impressive." Visit Site 14 Min. Project Size> \$10,000+ Company Size> 10 - 49 employees Location> Seattle, WA Notable Project Helpful Human provides custom software development services for an aerospace consulting services company. They are helping the client develop an advanced production scheduling software. "They are highly dynamic and have a great level of technical knowledge to support our requirements." Visit Site 15 Min. Project Size> \$25,000+ Company Size> 2 - 9 employees Location> Seattle, WA

Notable Project NIRD provided resources to help bring the Linehan Suicide Safety Net to market. They made the online software HIPAA compliant and reworked the backend to make it more stable. "NIRD helped us get our program in a place where it was healthy and functioning the way it should be." Visit Site 16 Min. Project Size> \$25,000+ Company Size> 2 - 9 employees Location> Seattle, WA Notable Project An advertising agency was looking to rebrand their image and online presence, so they engaged with Gigantic to provide them with web development, SEO management, and marketing campaigns and strategies. "They delivered above and beyond what we were expecting." Visit Site 17 Min. Project Size> \$1,000+ Company Size> 2 - 9 employees Location> Seattle, WA Notable Project Maintaingo maintains and updates a novelty goods e-commerce site. The team initially transferred and customized the site on WordPress. They also integrated the site with Etsy and now manage marketing. "Maintaingo always keeps in touch with me about what they're doing, how long it's taking them, and what it's costing." Visit Site 18 Min. Project Size> \$1,000+ Company Size> 10 - 49 employees Location> Redmond, WA Notable Project Designify recreated a legacy website with the aim of improving its functionality and visual appeal. This involved creating new features for the platform. "The Designify team took my poorly designed website and turn it into a modern and attractive expression of my company." Visit Site 19 Min. Project Size> \$5,000+ Company Size> 10 - 49 employees Location> Bellevue, WA Notable Project Truu Digital developed a website for a chiropractor practice. The team built and designed a new website with a more modern image. "They are up to date with technology, communicate well, and listen to your needs." Visit Site 20 Min. Project Size> \$1,000+ Company Size> 10 - 49 employees Location> Seattle, WA Notable Project Steelsmith Haus built a new website and subsequently created a marketing strategy. Post-launch, they've provided SEO and PPC. "The team does a phenomenal job with web development and marketing." Visit Site 21 Min. Project Size> Undisclosed Company Size> 2 - 9 employees Location> Seattle, WA Perception Builder is a small conversion optimization company in Seattle, Washington. Established in 2011, the team focuses on conversion optimization, search engine optimization, ux/ui design, and web development. Notable Project Perception Builder has been hired by a power sweeping company to update their website, develop new marketing strategies, provide SEO services, and create content for the website's overall improvement. "We were impressed by their technical capabilities." Visit Site 22 Min. Project Size> \$10,000+ Company Size> 50 - 249 employees Location> Bellevue, WA Notable Project A software company hired Virtuosity Consulting for staff augmentation. The team supplied qualified process-driven and self-motivated managers for early planning, daily execution, monthly releases, and more. "The agency and the candidates they supplied really took ownership of the project." Visit Site 23 Min. Project Size> \$10,000+ Company Size> 50 - 249 employees Location> Seattle, WA Notable Project Five Jars is a long-standing partner for a nonprofit organization's web development projects. Their most recent project was a Drupal directory of current staff and HRIS integration. "The Five Jars team is thoughtful, resourceful, and open to feedback and input." Visit Site 24 Visit Site Min.
